This event is fully organized to help "The Belgian Parkinson Foundation" in it's mission statement to encourage research regarding Parkinson's disease.

For this event there's a co-operation with the Michael J. Fox Foundation (USA) who will double the donated amount (Now through December 31, 2012, all new and increased giving to The Michael J. Fox Foundation, as well as gifts from donors who have not given since 2010 or earlier, will be matched on a dollar-for-dollar basis with the \$50-million Brin Wojcicki Challenge, launched by Sergey Brin and Anne Wojcicki) raised on 6th September 2012 for a Parkinson research project in Europe under the supervision of Scientific Advisory Board of The Belgian Parkinson Foundation.
